Chef Montgomery is truly an amazing teacher. I always understood the concepts and she was always willing to help and answer questions. One of the best teachers I had this semester and was a pleasure to be her student :)
Best teacher I've ever had in my life.
Chef Montgomery was an incredible teacher and role model throughout this course. She was enthusiastic and provided hands on learning at all times. Whenever she could make the class more interactive in order to deepen our understanding, she did. I would love to learn under Chef Montgomery again as her approach to learning is truly inspirational. Her positive attitude every single day made learning exciting. Chef would always stay after class to answer any questions needed, open the classroom doors early inviting students in to interact with her and each other before the lectures began, and responded to emails efficiently. You could tell that she wanted everyone to succeed in not only her class, but others as well.
Always enjoyed attending the class. Learnt a lot from Chef Julie. She's very encouraging, organized and motivating. Hope to see her in the next semester.
I thoroughly enjoyed learning theory in your class. I came into the program thinking I was a fairly knowledgeable home baker, but this course really opened my eyes to how little I know and has helped me stay curious in my baking journey.
Really enjoyed the course. Chef Montgomery does a really good job teaching this course

Hi Chef Montgomery,
I enjoyed attending your lectures. Thank you for always explaining the theory so clearly. :)
her experience is clear as she is comfortable explaining each topic in detail through her perspective. i greatly enjoyed this course because of chef montgomery and was quite worried that i would struggle with the theory, instead i loved it instantly. fantastic teacher... though i would like her to be a little less experimental at times such as instead of having quizzes at the end of the week before the topic, have the quiz the same day as the class or the next day. i'm unsure myself. but leaving them open from beginning till end and having them be about a topic we have yet to discuss is at times frustrating – could just be my issue but i'm very busy as a full time student in this course!
i would love to work under chef montgomery one day. thank you
A well-organized class. Highly enjoyable.
Chef Montgomery was very organized and consistent with always updating our marks on Brightspace early and providing valuable feedback! She teaches in a very visual way with powerpoint lectures and diagrams and videos which I loved because this was very helpful to making the class material more easier to learn. She is always kind and considerate towards her students and always willing to answer our questions during and after class. But however I didn't like the peer presentations! I prefer to only doing the final research report handed online, individually. Also I found the class to be early, I prefer 10 am – 12pm class. Other than that, I want to thank Chef Montgomery for being a wonderful teacher!! I had an excellent 1st semester in her class!! :)
Super sweet and supportive, as well as teaches the content very clearly and thoroughly.

Chef Montgomery is the best! She always takes the time to answer our questions and explain everything clearly. Her teaching is very organized, and I really admire her professionalism. I hope to become a chef like her one day!
Wonderful experience and excellent teaching style!
I have truly enjoyed her class. She teaches with remarkable passion and compassion, creating an inspiring learning environment. I deeply appreciate her dedication and the thoughtful way she teaches, which has had a profound impact on me. I have gained invaluable knowledge and skills from her lessons alone. She has left a lasting impression on me, and I will carry her influence throughout my entire career. She has been a cornerstone of my professional journey, and I am deeply grateful for her guidance and support. In the future, I aspire to be like her—both helpful and unforgettable. Great pleasure being her student.
You are the best chef I ever had. You are very kind and patient. I learned so much under your guidance.
Julie was the best chef ever! Always looking forward to her class each day!
Chef Julie Montgomery is an excellent chef. She's not only excellent in teaching, she also teaches us with her heart. She inspired us a lot with baking skills and decoration ideas. She has such skills to deal with all unexpected situations, and she is always there to help out. You will feel completely secure in her class. This is an important personality. She aims to help you to learn, to be successful, and to pass the course. She's there to make your learning experience different.
Chef Montgomery has high enthusiasms in teaching. She not only conduct lessons professionally, she also offers strong support, care and inspirations for students to learn effectively.
Chef Montgomery was an amazing production and skills four instructor! Chefs dedication to the craft and the students is admirable. Chef always went above and beyond to answer any questions we had about room for dessert or in the lab. Chef provided one on one help after demos if we were unsure and always explained concepts clearly for students to understand. As well as giving us extra videos and information to complete our final cakes, ensuring the highest level of performance for all of her students. I always felt supported in Chefs class.
Thank you Chef! Truly enjoy you class and glad to have you as my chef! All the best!
I am very grateful to Chef Montgomery and am so proud of having her as my teacher. Chef has been very caring, supportive and helpful throughout the course, especially for the R4D project. I have learned a lot from her as she has exhibited excellent baking skills and knowledge. Without Chef, I am not sure if I would have the confidence to complete every thing in the class. Whenever I had questions or problems, Chef would help me to solve the problems with lots of patience. With the help from Chef, I have gradually built up my confidence in baking skills. Chef is the best best best teacher that I've ever met in school! Thank you, Chef!

Great teachers you can't imagine! Professor Montgomery is very friendly and optimistic, full of encouragement and praise for the students. Strict, but also very forgiving. Won everyone's favor and respect!
Loved your class to death. You're an amazing chef and teacher, can't wait for SNAP next year! No comments or concerns, maybe just somehow accrue funding for a speaker lol :)
The teacher is very friendly. Interact with students frequently and help solve problems when they have difficulties. She also patiently answered students' questions.
I cannot begin to express how much of an impact Chef Montgomery has had on me—not just in the kitchen, but in the way I approach challenges. Her calm, methodical teaching style and genuine patience have inspired me to stay motivated and keep growing.
Chef Montgomery was a great teacher. She was always helpful and enthusiastic, making the class more enjoyable.
